The Port Hedland Chamber of Commerce Inc, will host the 2018 Hedland Economic & Resources Forum on Wednesday, 4 July at the Matt Dann Theatre & Cinema in South Hedland.

The forum will bring together business, community and government representatives from across the Pilbara region to build on and extend key themes/discussions developed in 2016 and 2017 events titled 'The New Pilbara'.

The forum will feature a compelling program of well-known and regarded thought-leaders carefully selected for their knowledge, expertise and ability to encourage a robust dialogue around the forum's two central themes, which are:

- Creating our own future – embracing change to increase growth opportunities; and,
- Infrastructure as a key to unlocking Port Hedland's potential as a competitive international gateway

The 2018 Hedland Economic & Resources Forum will also include national economic and political insights from some of the country's leading commentators. While some of the region's biggest industry partners including BHP will take the stage to provide exclusive project updates.

The Hedland Economic & Resources Forum will provide many outstanding opportunities for business and professional networking with generous breaks and a sundowner event to close.

We look forward to welcoming you to the 2018 Hedland Economic & Resources Forum.

About Port Hedland Chamber of Commerce Inc

The Port Hedland Chamber of Commerce Inc. (PHCCI) is one of the Pilbara's biggest and most powerful business networks of more than 350 members.

It is an active, independent, not-for-profit organisation that works hard to deliver high-quality services, events and initiatives that make doing business better in Port Hedland.

It is focused on developing strategies for economic growth and business investment which create opportunities and possibilities for future generations.

The PHCCI is committed to ensuring small to medium-sized businesses remain an important contributor to the local economy.

Its busy annual events calendar includes the monthly Business After Hours networking events; the Business of the Year awards showcase and a popular Business Breakfast Series.

Event Partner

BHP has been a part of the Western Australian community for over 50 years and the Pilbara is central to the Company's global success. BHP's Iron Ore operations is an integrated system of four processing hubs and five mines, connected by more than 1,000 kilometres of rail infrastructure and port facilities in the Pilbara region of northern Western Australia.

BHP is committed to ensuring the economic benefits of their operations are shared across Pilbara communities through employment, local procurement and community investments in education, training and infrastructure.

Recognising that it can often be challenging for smaller businesses to engage as a supplier for BHP, in late 2017, BHP expanded their Local Buying Program to the Pilbara. This program makes it easier for local business owners to competitively bid for direct supply opportunities.

Get Involved

The PHCCI is seeking expressions of interest from businesses with a strong local presence who are committed to the future growth and development of our region.

It is pleased to offer a strictly limited number of exciting sponsorship and exhibition opportunities at the 2018 Hedland Economic & Resources Forum.

It is anticipated that sponsorship and exhibition opportunities for this event will be highly sought after.

We encourage you to secure your preference early to avoid disappointment.

Why Sponsor?

The Hedland Economic & Resource Forum sponsorship and exhibition packages have been designed to:

- Provide an excellent opportunity to promote your company among forum delegates, high profile personnel and key policy makers
- Raise your company profile
- Allow for the opportunity to develop new strategic partnerships and strengthen existing partnerships

Early confirmation of your sponsorship will ensure the highest level of exposure.

An extensive marketing campaign including advertising, direct mail, email broadcasts, social media and web coverage will be implemented in the lead up to the forum.
