# CLUB RENOVATION

## TOOLKIT

Creating innovators from renovators.

# CLUB RENOVATION TOOLKIT

Our Club Renovation Toolkit gives your community group, sporting or recreational club the skills to reach your own inclusive goal, whether that is to connect with your broader community, create opportunities for specific demographics or even to grow your group's membership.

Our webinar sessions are hosted by our knowledgeable staff and guest presenters and give you the tools to rediscover your foundations, attract new members through meaningful connection and ensure a successful future for your group is planned and sustained.

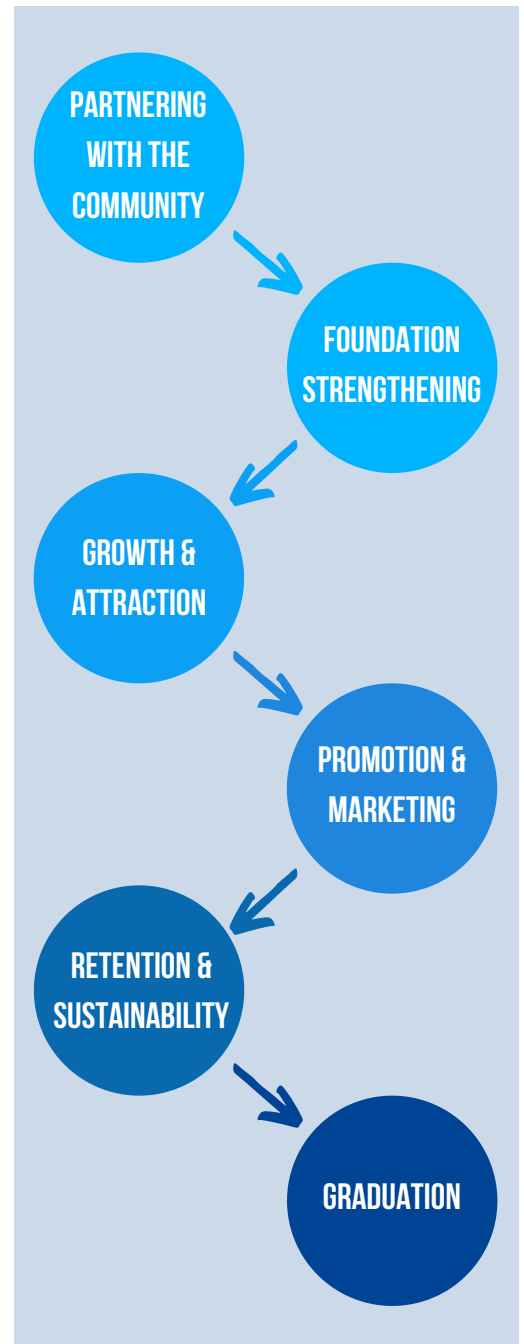

Outside of the videos, the toolkit also includes bonus content such as video guides, practical worksheets and downloadable resources, to be used time and time again.

Renovators will have lifetime access to our online training, as well as the opportunity to join future rounds, ensuring your entire club can be up-skilled, no matter when others start their journey.

You are invited to join our closed Facebook group, where you can connect with other renovators to share questions, thoughts, ideas, and most importantly, successes, long after the completion of the live sessions.

*"I'm really enjoying the toolkit. I feel much more connected to my club because of the things I have been learning, and more confident to make suggestions within my committee."*

Renovation Attendee -

Launched in 2016, Inclusion Solutions is a not-for-profit organisation. We work to facilitate, educate and influence individuals, organisations and communities on the benefits of social inclusion. We work to identify opportunities that connect people at risk of social exclusion and isolation within their community.

We work with local governments, sporting clubs, community groups, state sporting organisations and businesses of all sizes to develop strategies and initiatives to achieve inclusive outcomes. We achieve this by providing personalised training, mentoring and consultancy services.

As an organisation, it is our belief that all people should have the opportunity to live a rewarding life and participate in a welcoming community. We want everyone to feel welcome, have choice and control, share ordinary places and feel a sense of belonging within their community.

# ROLES & RESPONSIBILITIES

WHAT TO EXPECT WHEN FUNDING A RENOVATION

## RENOVATION PREPARATION

### PRE-COURSE

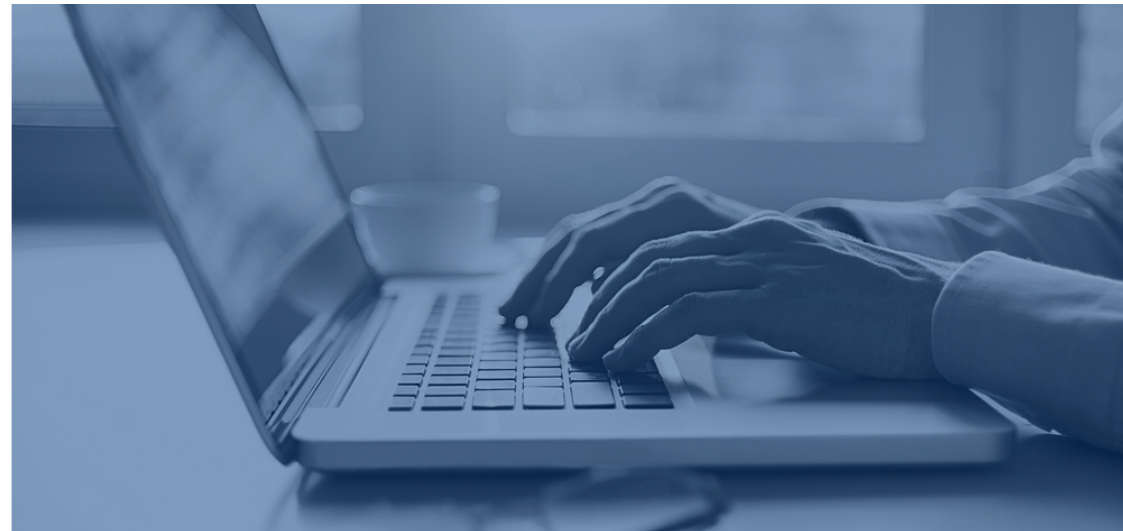

Once registered, you will be able to start immediately with our course introduction video and pre-course survey. The preparation stage will prepare you and your group for the full 8 weeks of the course and will help you to identify exactly what you want to achieve through the Toolkit.

# GRADUATION

We ask for you to complete a post-course survey to provide feedback on course content and suitability, as well as an opportunity for you to share your plans and ideas for the future of your group. Feedback collected will be used to highlight the successes of the Club Renovation Toolkit, to funders, including Local Government Authorities, State Sporting Associations and other peak bodies.

# RETENTION AND SUSTAINABILITY

## MODULE 6 TO 8

Find out how to capture the long term benefits of your learnings. The final phase of our toolkit will give you the tools to ensure your members are members for life, helping your club connect and grow to be a pillar of your community. We will even show you how to simplify often daunting tasks and how to make the most of your volunteer's time and energy.

*"I was unsure whether this would be beneficial for me, for various reasons: I'm very busy and don't need extra workload/stress. I was concerned it would be a lot of work, but the sessions are short but very useful and I'm feeling more and more enthusiastic every week. I really look forward to the sessions and the worksheets."*

*I would highly recommend it to others, whether they think they need it or not, and I'd say you won't regret the extra little bit of time it takes."*
