Item 5 Response to Previous Questions

5.1 Response to Questions taken on notice from Elected Member at the Council held on Wednesday 26 October 2022**5.1.2 CR GILLINGHAM**

1. There is definitely less octopi on the reef as well as many other species. Is this part of the Port Authority's area as it comes under their jurisdiction. Should we be asking the Port Authority to do more in this area?
2. Please can I request clarification on the area of Cooke Point being included in the Omnibus Amendment to the Local Planning Scheme Number 7?
3. I went through the Mayors diary of events every month since January this year and have been unable to find a meeting this year that you actually attended the Hedland Senior High School Board Meeting. Can you please provide to me the date of the meeting that you actually attended?

The Director Regulatory Services has provided the following statements:

1. The area that the reef is located on is vested with the Pilbara Ports Authority (PPA). The PPA has advised that it is not aware of any current monitoring programs undertaken by either the PPA or other agencies, other than the citizen science work that Ms Doris Teufel undertakes. The PPA are doing some benthic habitat monitoring as part of the Spoilbank Marina Project, however this is focussing on the areas in close proximity to the dredge area on the western side of the Spoilbank. Previous correspondence with both Recfish West and the WA Fishing Industry Council indicated that octopus species are mobile, with their local members noting that the species will move and relocate at various times for various reasons, however they too were unaware of any detailed scientific studies.
2. A number of lots along Sutherland Street and Robinson Street (Cooke Point) were wrongfully transitioned from R40 to the lower density of R25 during the LPS 5 to LPS 7 crossover. The omnibus amendment corrects this, and returns the area to R40 zoning.

The Mayor has provided the following statement:

3. 31 March 2022.

5.1.3 LORRAINE BUTSON

1. How many days have you been overseas since your appointment as Mayor in October 2021?

The Mayor has provided the following statement:

1. The Mayor has not travelled overseas in his official capacity since his appointment in October 2021.
-

5.2 Response to Questions taken on notice from Elected Member at the Council Meeting held on Wednesday September 21 2022.

5.2.2 CR CHRISTENSEN

1. I have been away from my computer since Wednesday so haven't seen anything come through for potential projects we have closed out or that we have ongoing currently with any external grants or funding, is there any feedback from that Lee at all? On Wednesday I requested that we ask for the actuals, because my concerns with the upcoming motion was the percentages of grants that have been afforded to The Plan, I requested to see if we had any of the 3 on either side of the ones that have been completed and the ones that are current.

The Director Infrastructure has provided the following statements:

1. The below table 'Summary of Grant Funding for projects < \$1,000,000' provides a list of all projects delivered from FY 2019/20 to 2022/23 with a value more than \$1,000,000 and their respective grant funding amounts.

SIMPLE MAJORITY VOTE REQUIRED

PURPOSE

The purpose of this report is to present to Council the Statement of Financial Activity for the period ended 31 October 2022. Supplementary information is also presented to Council to provide further information regarding the Town's activities.

Detail

The information provided in this report is for the period ended 31 October 2022, with financial results included in Attachment 1. Statement of Financial Activity inclusive of Notes 1-16 prepared by the Town of Port Hedland (the "Town").

The statements are based on simpler and more streamlined financial reporting as recommended by the Office of the Auditor General and Department of Local Government, Sport and Cultural Industries. Initial changes to align with the recommendations have been implemented from 1 July 2022, with measures designed to be in full effect by the end of the 2022-2023 financial year. The main change thus far has been the removal of the presentation of Financial Activity by the programme.

The Town's financial activity reports use a materiality threshold to measure, monitor and report on financial performance and position of the Town.

As part of the 2022/2023 original budget, Council adopted the following thresholds as levels of material variances for financial reporting:

- A variance of 10% or \$50,000, whichever is greater, of the year to date budget of operational and capital expenditure requires explanation.

The opening funding deficit of \$387K presented in Year to Date Actual on the Statement of Financial Activity is as per the closing surplus of the unaudited June 2022 financial statements.

This figure may change when the final audited accounts are presented to Council for endorsement in December.

The net current funding position (surplus/(deficit) from the Statement of Financial Activity as at 31 October 2022 is a surplus of \$51.8M.

The breakdown of the cash position is displayed below:

	2022/23 Actuals
Current Assets: Cash and Investments	\$202.1M
Restricted Cash – Reserves	\$155.2M
Unrestricted Cash Position as at 31 October 2022	\$46.9M

OFFICER'S RECOMMENDATION

That Council:

1. Adopt proposed Scheme Amendment No. 2 (Amendment No. 2) to the Town of Port Hedland Local Planning Scheme No. 7 (LPS7) without modifications, Pursuant to section 75 of the *Planning and Development Act 2005* (PD Act) and Part 5 regulation 35 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations).
2. Determine that Amendment No. 2 is a standard amendment pursuant to regulation 35(2) of the Regulations for the following reasons:
 - a) Amendment No. 2 is consistent with the objectives of the Town of Port Hedland Local Planning Strategy; and
 - b) Amendment No. 2 will have minimal impact on land in the scheme area, and it will not result in any significant environmental, social, economic or governance impacts on land in the scheme area.
3. Authorise the Chief Executive Officer to arrange for Amendment No. 2 to be referred to the Environmental Protection Authority (EPA), pursuant to section 81 of the PD Act, to enable the EPA to comply with section 48A of the *Environmental Protection Act 1986*.
4. Authorise the Chief Executive Officer to arrange for Amendment No. 2 to be advertised for public inspection pursuant to sections 81 and 82 of the PD Act and in accordance with the procedure set out in Part 5 regulation 47 of the Regulations.

SIMPLE MAJORITY VOTE REQUIRED

PURPOSE

The purpose of this report is for Council to consider the adoption of the proposed Amendment No. 2 to the Local Planning Scheme No. 7 (LPS7) for the purposes of advertising.

DETAIL

Development within the Town of Port Hedland is controlled and guided by Local Planning Scheme No. 7 (LPS7) which became operational in 2021. Amendment No. 2 proposes to

change Lot 6270 (No.5) Miller Street, Wedgefield (subject site) from 'Environmental Conservation' reserve to a 'Light Industry' zone. Amendment No. 2 proposes alterations to LPS7 Scheme Map only without changes to the LPS7 text.

As mentioned above, Amendment No. 2 proposes to change subject site to 'Light Industry' zone. As per LPS7, the objectives of the Light Industry zone are:

- To provide for a range of industrial uses and service industries generally compatible with urban areas, that cannot be located in commercial zones.
- To ensure that where any development adjoins zoned or developed residential properties, the development is suitably set back, screened or otherwise treated so as not to detract from the residential amenity.

The proposed amendment is consistent with the planning framework and is aligned with the general principles and broader vision set under the strategic framework for the area. The rezoning to Light Industry will facilitate consistency between LPS7 and the Town's Local Planning Strategy, which recommends light industrial land use for the subject site and locality. The subject site has been used for light industrial purposes by Mammoet Australia and J & S Trucks & Machinery under a crown lease since 2004. Gravity Crane Services Pty Ltd. has sought to purchase the land from the State government, and the scheme amendment to rezone the land to the light industry will reflect the land's current and future industrial use.

The subject site is predominately cleared and contains no areas of biodiversity or conservation significance. In this regard, the existing designation of Environmental Conservation reserve is inappropriate as it does not reflect the actual use of the land. Hence, the proposed rezoning will not result in adverse environmental, planning or amenity outcomes.

Planning Consultant, Element (The Applicant) on behalf of Gravity Crane Services Pty Ltd. has requested the initiation of Amendment No. 2 (**Attachment 1**). The Applicant has submitted a report (**Attachment 2**) to support the proposal. As the subject site is located within a Bushfire Prone Area, a Bushfire Attack Level (BAL) certificate has been submitted as part of the submission report. This assessment has been prepared to accompany the scheme amendment only, to enable initiation by the Town of Port Hedland. Future development of the subject site will require a Bushfire Management Plan to be prepared to demonstrate compliance with State Planning Policy 3.7 – Planning in Bushfire Prone Areas (SPP3.7) and the Guidelines for Planning in Bushfire Prone Areas.

Statutory Implications

Planning and Development Act 2005:

Clause 75 Amending scheme:

A local government may amend a local planning scheme with reference to any land within its district, or with reference to land within its district and other land within any adjacent district, by an amendment –

- a) Prepared by the local government, approved by the Minister and published in the Gazette; or*
- b) Proposed by all or any of the owners of any land in the scheme area, adopted, with or without modifications, by the local government, approved by the Minister and published in the Gazette.*

Clause 81 Proposed scheme or amendment to be referred to the Environmental Protection Authority (EPA).

When a local government resolves to prepare or adopt a local planning scheme, or an amendment to a local planning scheme, the local government is to forthwith refer the proposed local planning scheme or amendment to the EPA by giving to the EPA –

- a) Written notice of that resolution; and*
- b) Such written information about the local planning scheme or amendment as is sufficient to enable the EPA to comply with section 48A of the EP Act in relation to the local planning scheme or amendment.*

Planning and Development (Local Planning Schemes) Regulations 2015 (the Regulations)

Under the LPS Regulations, the amendment is considered to be a standard amendment and to progress the amendment the Council must resolve to prepare an amendment to the local planning scheme. The amendment must be referred to the EPA and then advertised in accordance with the Regulations for public comment.

LEVEL OF SIGNIFICANCE

In accordance with Policy 4/009 'Significant Decision Making', this matter is considered to be of medium significance, because the proposed amendment is consistent with the principles of orderly and proper planning and is largely aligned with the general principles and broader vision set under the strategic framework for the area. Specifically, the change to the 'Light Industry' zone will facilitate consistency between LPS7 and the Town's Local Planning Strategy, which recommends light industrial land use for the subject site.

If Council resolves to advertise Amendment No. 2, engagement will take place as required under the LPS Regulations and will include public advertising for a (minimum) period of 42 days and consisting of:

- Publication of a public notice in a newspaper circulating in the scheme area;
- Display of a copy of the notice in the Town administration offices, at each library and on the Town website;
- Display of a copy of the scheme amendment documentation for public inspection;
- Providing the notice to any public authority the Town considers will be affected by the amendment; and
- Providing the notice to any landowners whose property is considered to be directly affected by the amendment.

Submissions received during the public advertising period will be presented back to Council for its consideration.

- Prior to advertising, Amendment No. 2 is required to be referred to the EPA under section 81 of the Planning and Development Act 2005, for the EPA to assess under Section 48A of the Environmental Protection Act, and determine whether an environmental review is required. Given the nature of the proposed amendment, an environmental review is unlikely to be required, however, advertising cannot be undertaken until written advice has been received from the EPA, to confirm this.

LEGISLATION AND POLICY CONSIDERATIONS

- Town of Port Hedland Local Planning Scheme No. 7

STRATEGIC AND SUSTAINABILITY IMPLICATIONS

The following sections of the Town's Strategic Community Plan 2022-2032 are applicable in the consideration of this item:

- 1.4.1 The present and future facilities and requirements of the town are planned for and developed in-line with relevant facility standards and community needs.
- 3.2.1 Identify, plan and develop the present and future needs for serviced land and infrastructure provision.
- 3.3.1 Urban and spatial planning is implemented to enhance human interaction with nature and industry.

Economic

The amended Local Planning Scheme will contribute towards having a more streamlined development approval process and encourage investment and economic growth.

RISK MANAGEMENT CONSIDERATIONS

There is a compliance risk associated with this item because Local Planning Scheme No. 7 needs to be updated with the latest Regulations and ensure it is responsive to current projects and market trends. The risk rating is considered to be medium (8), which is determined by a likelihood of possible (3) and a consequence of moderate (3).

The risk will be mitigated by progressing the Amendment No. 2 and endorsing the Officer Recommendation.

OPTIONS

Option 1 – Adopt officer’s recommendation

Option 2 – Amend officer’s recommendation

Option 3 – Do not adopt officer’s recommendation

CONCLUSION

The proposed scheme amendment is considered to be a ‘standard amendment’ under the LPS Regulations as it is consistent with the Town’s Local Planning Strategy. The amendment will not have an environmental, social or economic impact. The subject site has been used for light industrial purposes under a crown lease since 2004. Changing the land use category to ‘Light Industry’ will align the zone with the existing land use. Considering the above report, it is recommended that Council resolve to adopt the proposed Scheme Amendment No. 2 for the purpose of public advertising.
