**Legislation**

The Local Government Act (1995) Subdivision 3 - Borrowings details what is required to enable the Local Government to borrow. If the Local Government is proposing to borrow, the details should be included in the annual budget which is required to be adopted by Council. If the proposal to borrow is outside of the annual budget then an item would be presented to Council requiring an absolute majority vote, also requiring public notice.

Operating and Non-Operating Grants, Subsidies and Contributions were originally budgeted to total 10% of total revenue for 2015/16. This revenue assists the Town of Port Hedland in delivering a wide variety of capital programs and operational activities.

Where possible, the Town of Port Hedland will seek to supplement revenue through application for external grants, subsidies and contributions. Every opportunity will be taken to maximise revenue in support of capital and operational spending. External funding, however, must be strategically targeted and aligned with Town of Port Hedland's Strategic Community Plan and Corporate Business Plan.
