8 Announcements by Presiding Member without Discussion

The following summary of the Chair's Announcements was heard before item 5 - Public Time. Please listen to the full statement [[here](#)].

The Chair noted that this is the second-last Ordinary Council Meeting before the commissioners' term concludes. An update was provided on the 28 March Local Government election, with eight nominations for Mayor and 14 for Councillor positions. Candidate profiles are available at the Civic Centre, both libraries, and on the Town's website. Voting packs are being distributed, and replacement packs can be obtained from the Civic Centre or South Hedland Library. Completed ballots must be received by 6:00pm on 28 March, either by post or hand-delivery, with electoral officers available at both locations on polling day.

The Chair highlighted the success of recent Town events, including a sold-out Christine Anu performance as part of the Good Nights music series, with more shows to come.

Reflecting on the commissioners' remaining month, the Chair outlined the focus on transition back to an elected Council. Since September, key priorities have included stabilising the organisation, reinstating standard local government meeting practices, improving governance, and supporting informed decision-making. This included refining meeting procedures, strengthening public question time protocols, improving the quality and timeliness of Council papers, and engaging with the Department on upcoming model standing orders.

The Chair emphasised work on clarifying the relationship between Council, administration, and the community, and noted progress on governance documents, including adoption of the budget and Council Plan, recruitment of a permanent CEO, and renewal of outdated policies. Some policies remain outstanding and were identified as a priority for the incoming Council.

The major strategic review has commenced, with expectations for thorough community consultation and clear information on costings, governance and organisational capacity to guide future Council priorities. The Chair stressed that the MSR should serve as a framework for ongoing accountability and decision-making.

An organisational health check has also been commissioned to assess administrative practices and provide recommendations for improvement. This work is nearing completion and will be presented to Council. Consideration is being given to the role of the Audit, Risk and Improvement Committee in supporting ongoing organisational development.

The Chair concluded by noting ongoing communication with the Inspector, Minister’s Office and Department to ensure a smooth transition and thanked the community for its support during the commissioner’s term.

6 Public Time

Important note:

In accordance with section 6.7(3) of the Town of Port Hedland Local Law on Standing Orders, members of the public are required to complete a question form and place the completed form in the tray provided.

If the Presiding Member determines that questions and statements are out of order due to the use of an offensive or objectionable expression or are defamatory, they will not be recorded or responded to.

6.1 Public Question Time

The Presiding Member declared Public Question Time open at 5:42pm.

This question was submitted online and was not acknowledged during the meeting

6.1.1	Tim McIntyre
-------	--------------

What is the current maintenance strategy for footpath/bike path cleaning? Currently multiple paths are covered in dirt and rocks, overgrown vegetation and drains are blocked which during rain events makes them unusable or having to walk onto roads or walk over mud to get around. This creates a safety risk where people can be or have been injured. This could be a simple 6 monthly clean to keep these in good condition.

Taken on notice

6.1.2	Sharon Todd
-------	-------------

Question 1: What funding was approved for cemetery works and when was it approved?

Chair>Temporary Chief Executive Officer>Director Infrastructure Services: There is \$1.7 million allocated in the current year’s budget to commence works on the pathway network identified in the Cemetery Master Plan. Surveying for this component has already been completed, and the project is expected to go out to tender within the next month. In the previous financial year, the Town installed an additional set of toilets at the cemetery. The original facility was a universal access design; however, community feedback indicated a preference for separate male and female amenities. This upgrade also required improvements to the bleach drains, which have been completed. A number of new trees have been planted on site, with further plantings planned. A report is scheduled to be presented in March regarding the proposed extension of the cemetery. The Muslim burial section is nearing capacity sooner than anticipated, and with existing plot reservations, there is now a need to progress planning for expansion into the next available block owned by the Town to ensure the continued availability of cemetery plots.

Question 2: Have there been any changes to the original budget, and if so, why?

Chair>Temporary Chief Executive Officer>Director Infrastructure Services: There haven’t been any changes to the original budget, which I believe was \$8 million, and the plan was that every other year we would be doing around \$2 million worth of works. The only departure from the original Cemetery Master Plan was the crematorium. When I looked at that in more detail, it became clear that there was

just not the— and I don't mean to sound crass—but it was really about the throughput needed to sustain a crematorium. There are only about 20 burials on average in Port Hedland each year, and most of those are state-funded funerals, which are typically burials rather than cremations. Because of this, the crematorium was not able to be sustained, and that component of the plan was not progressed.

Question 3: Was it paths and roads or paths?

Chair > Temporary Chief Executive Officer: The works relate to paths and roads. In the Cemetery Master Plan, there is a long-term proposal for an outdoor shaded area—not a chapel, but an outdoor shaded area for comfort. This would be a place where you could have a small service or memorial gathering, and it would provide shade and seating for people.

The paths and roads will be upgraded and installed to enable much easier access to gravesites, especially for those who may find it difficult to move around, such as people using a wheelchair or those who are not able to move freely.

6.1.3	Frank Cain
-------	------------

Question 1: Asking about paperwork on freedom of information?

Question 2: Why is it taking so long?

Question 3: There's been months. The paperwork we are looking for is not here?

Chair > Temporary Chief Executive Officer: We will take those on notice, considering the number of questions that were asked and the opportunity to actually avail ourselves of the information provided to the Commissioners.

The Presiding Member declared Public Question Time closed at 5:57pm.

6.2 Public Statement Time

The Presiding Member declared Public Statement Time open at 5:58pm

6.2.1	Relma Blue-Turner
-------	-------------------

- Thanked the Town of Port Hedland for considering Agenda Item 12.3.2 regarding annual scholarship and bursary support.
- Noted the support as a strategic investment in Hedland's long-term social and economic development.
- Highlighted that the funding reduces financial barriers to higher education for local students.

- Emphasised the bursary's importance in helping students complete essential practical and placement requirements.
- Acknowledged the strong need for this support in the health, education, and community sectors.
- Stated that the initiative helps build local talent, workforce retention, and community resilience.
- Expressed appreciation on behalf of the Pilbara Kimberley University Centre and its students for the Town's commitment to improving educational opportunities.

The Presiding Member declared Public Statement Time closed at 6:01pm

Additional Discussion / Questions

Commissioner (Deputy Chair) Martin Aldridge:

Sought clarification regarding the Statement of Financial Activity for the period ending 31 January 2026, noting an uplift of approximately \$50 million in *Other Financial Assets* between 30 June 2025 and 31 January 2026.

Chair>T/CEO>Director Corporate Services: The question was taken on notice.

Further response from Director Corporate Services:

In response to the question taken on notice at tonight's February OCM, to explain the increase of \$50M in other financial assets.

	Actual 30 June 2025	Actual as at 31 January 2026
	\$	\$
CURRENT ASSETS		
Cash and cash equivalents	42,469,609	26,216,352
Trade and other receivables	11,563,423	13,811,290
Other financial assets	155,000,000	205,000,000
Inventories	1,002,714	1,002,713
Other assets	3,475,781	5,198,958
TOTAL CURRENT ASSETS	213,511,527	251,229,313

This is on page 104 of 282 in the attachments. The increase is due to higher term deposits (investments) as a result of decreasing cash on hand and investing cashflow from rates instalments combined with lower capital expenditure year to date.

Commissioner (Deputy Chair) Martin Aldridge:

- Commissioner Aldridge referred to the Investment Summary Report (*Attachment 12.1.1.4*), noting that the Town currently holds approximately \$235 million in investments, with an average yield of 4.27%. He further noted that the Town holds nearly \$20 million in debt with the WA Treasury Corporation, with interest rates up to 4.9%.
- Commissioner Aldridge queried the Town's strategic approach in circumstances where significant cash reserves exist, yet the Town continues to borrow funds at interest rates that may exceed the return generated by its investments.

Chair>T/CEO>Director Corporate Services

Acknowledged the query and advised

- The existing loans predate the Director's tenure, and the decision-making rationale at the time is not known.
- Agreed that the Town is currently incurring higher interest expenses on borrowings than the income forgone had internal funds been used instead.
- Confirmed that the Borrowings Policy has since been reviewed, with changes including reducing the maximum loan term from 20 years to 10 years, reflecting contemporary financial practice.

- Noted that the Long-Term Financial Plan, currently in development, will include a strategic approach that the Town will only borrow when reserves are depleted to a level that would otherwise place the Town in an unfinancial position.

PURPOSE

The purpose of this report is for Council to receive the Statement of Financial Activity for the periods ending 31 January 2026.

DETAIL

The information provided in this report is for the period ended 31 January 2026, with financial results included in Attachment 1. The preparation of the reports has been made in compliance with the *Local Government Act 1995 and Financial Management Regulations*.

The Town's financial activity reports use a materiality threshold to measure, monitor and report on financial performance and position of the Town.

As part of the 2025-2026 Budget, Council adopted the following thresholds as levels of material variances for financial reporting:

- A variance of 10% or \$50,000, whichever is greater, of the Year-to-Date budget of operational and capital expenditure requires explanation.

LEVEL OF SIGNIFICANCE

In accordance with Policy 4/009 'Significant Decision Making', this matter is considered to be of low significance, because:

- Exception - The proposal or decision is not of a nature or significance that requires engagement.

CM202627/120 COUNCIL DECISION

MOVED: CMM Ronald Yuryevich **SECONDED:** CMM Deputy Chair Martin Aldridge

That Council:

- 1. Receives and notes the Council Plan quarterly report for the period October to December 2025 as contained in this report and attachment 1, and**
- 2. Amends Service Worker Housing title to Key Worker Housing in the Council Plan 2025-2035.**

CARRIED BY SIMPLE MAJORITY (3/0)

For: CMM Chair Jessica Shaw, CMM Deputy Chair Martin Aldridge and CMM Ronald Yuryevich
Against: Nil

PURPOSE

The purpose of this report is for Council to receive the quarterly progress report against the Council Plan 2025-2035 projects and key actions for the period October 2025 to December 2025. For timeliness, the commentary may also include details of progress that occurred post this period.

DETAIL

The Town undertook a minor desktop review of its Strategic Community Plan and annual review of the Corporate Business Plan in 2024/25 resulting in the development of its first Council Plan 2025-2035, which was adopted by the Council on 24 September 2025. It outlines the organisation’s themes, outlining outcomes, four-year priorities, informing strategies, success measures, service delivery, key projects/actions over the next four years for each theme.

The Council Plan will be reviewed this year through the Major Strategic Review and subsequently on an annual basis in line with the development of the annual budget.

The Quarterly Report

The quarterly progress report provides an opportunity for the Council and the community to note the organisation’s progress against the Council Plan’s key projects

and actions. The 2025/26 Q2 Report is the first progress report against the Council Plan.

This report outlines the progress made against the key projects and actions outlined in the Council Plan for the period October to December 2025. The report will be presented to Council at the 26 February 2026 OCM.

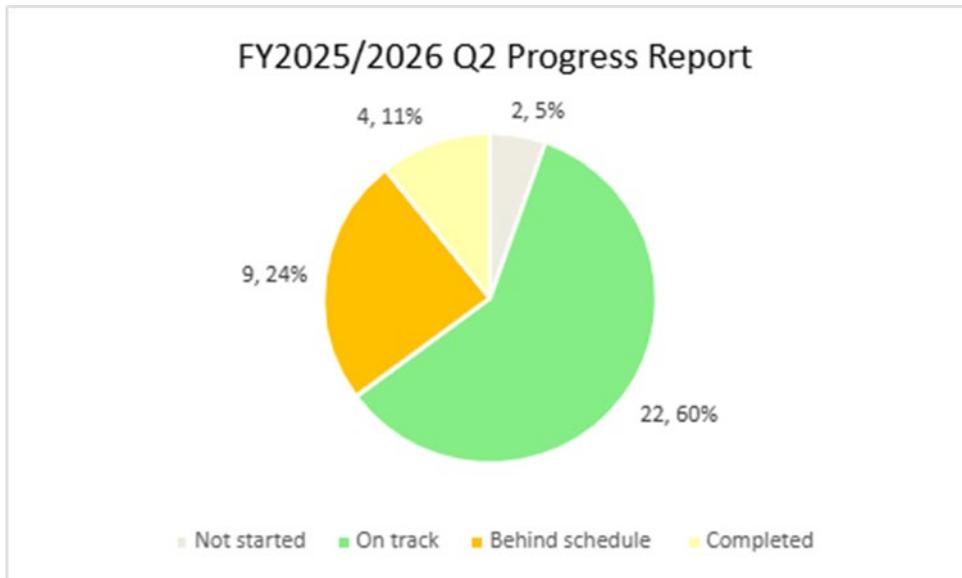

The Council Plan contains 52 projects/key actions to be delivered over the next 4years. Of the 52 Council Plan actions, 37 actions were scheduled to commence or progress in FY2025/2026. The progress of these actions is reported in this report.

Of the 37 actions, 26 are both on track and completed, 9 actions are behind schedule, and 2 actions have not started as at Q2 of FY2025/2026.

The table below provides a summary of the actions category, category description and the number and percentage of actions for each category.

Category	Description	Number	%oge
Not started	This initiative/project has not started at the scheduled time	2	5%
On track	This initiative/project is in progress and expected to be completed in the scheduled time	22	60%
Behind schedule	This initiative/project is in progress but not expected to be completed in the scheduled time or has not reached the desired milestone at the current reporting period.	9	24%
Completed	This initiative/project was completed during the reporting period or prior quarters	4	11%
Past Due	This initiative/project has not started at the scheduled time or is in progress but has past its scheduled completion date.	0	0
Not Proceeding	No longer proceeding as directed by Council resolution in response to external factors or change in direction	0	0
Total actions scheduled to commence in FY2025/2026.		37	100%

The chart below shows the actions overview of the progress made in Q2 of FY2025/2026:

FY2025/2026 Quarter 2 highlights

Highlights of the period October to December 2025 include the progression of important projects including:

- *JD Hardie Stage 3* – landscaping and pump track construction – Tender was awarded at the December 2025 SCM.
- *Community Safety* – Youth Food and Security Project (Problem-oriented Policing project) reached 60% completion milestone with notable progress in the backpack program, meal program, shopping centre relationships and Guardians of the pool project.
- *Transition of Visitor and Tourism Services in house* – Investigations were completed and supported by Council at the October 2025 OCM

LEVEL OF SIGNIFICANCE

In accordance with Policy 4/009 'Significant Decision Making', this matter is considered to be of low significance, because:

- Exception - The proposal or decision is not of a nature or significance that requires engagement.

Additional Discussion / Questions

Commissioner (Deputy Chair) Martin Aldridge: Referred to a question raised during Public Question Time by Miss Todd regarding works at Cemetery Beach. He noted his understanding that the Director Infrastructure Services had previously indicated there was investment in a toilet block during the last financial year, with no change to the budget. However, the current agenda item appears to identify the Southeast Cemetery Beach Toilets Project as occurring in the 2025–2026 financial year, showing a \$1.15 million budget change. Commissioner Aldridge sought clarification as to whether he had misinterpreted the information.

Chair>T/CEO>Director Infrastructure Services: Clarified that the toilets being discussed are located at the Cemetery Beach playground.

The earlier reference to toilets related to the South Hedland Cemetery, which is a separate project.

Commissioner (Deputy Chair) Martin Aldridge: Queried a line item within the Budget Review table which records an increase in unbudgeted CCTV project expenditure of

\$517,560. He noted that the Capital Works Report attached to an earlier agenda item identified two CCTV projects:

- One valued at approximately \$625,000; and
- A separate CCTV licensing project valued at approximately \$300,000.

He sought clarity regarding the relationship between these projects and asked for an explanation of the apparent increase in the project cost.

Chair>T/CEO>Director Infrastructure Services:

Advised that there has been no increase in project costs.

The variance is due to funds not being transferred into the new financial year when they should have been.

The project had commenced, but the unspent funds from the previous financial year were missed and not carried over, which is why the adjustment appears in the Q2 Budget Review.

Commissioner (Deputy Chair) Martin Aldridge:

Commented that this appears to be technically a carryover.

Chair>T/CEO>Director Infrastructure Services:

Confirmed that the funds should have been treated as a carryover but were not.

As the project had commenced, the correction is being made through the second quarter budget review process.

PURPOSE

To consider the Town’s financial position as at 31 December 2025 and performance for the period 1 July 2025 to 31 December 2025 in relation to the adopted 2025-2026 annual budget and projects estimated for the remainder of the financial year.

DETAIL

The budget review has been prepared to include information required by *Local Government Act 1995*, *Local Government Regulations 1996* (Financial Management) and Australian Accounting Standards.

Review Outcomes

In considering the above variances and projections within the attached budget review, the closing forecast position has increased from a deficit of \$352,414 to a surplus of \$23,019, as reflected in the Statement of Budget Review, attached.

LEVEL OF SIGNIFICANCE

In accordance with Policy 4/009 'Significant Decision Making', this matter is of medium significance, because:

- Budget reviews are vital to ensure the town is forecasting expected expenditure and revenue in line with current conditions and commitments. Budget reviews are used as a tool for decision making for current and future activities and they are a key component of prudent financial management practices to mitigate financial risk exposure to Council.

CONSULTATION

LEGISLATION AND POLICY CONSIDERATIONS

A Local Government is required to carry out a review of its annual budget between the 1 January and 28 February each financial year in accordance with regulation 33A(1) of the *Local Government (Financial Management) Regulations* 1996. The review must consider the financial performance between 1 July and 31 December and its financial position at the date of the review, also well as review the outcomes for the end of financial year forecast as stipulated in regulation 33A(2A).

The annual budget review must be submitted to Council on or before 31 March 33A(2), and determine whether or not to adopt the review by absolute majority as required by regulation 33A(3). Within 14 days after the Council has made a determination, a copy of the review and determination is to be provided to the Department.

Section 6.8(1) (b) of the *Local Government Act 1995* provides that the expenditure can be incurred when not included in the annual budget provided it is authorised in advance by resolution (absolute majority required).

FINANCIAL AND RESOURCE IMPLICATIONS

Authorisation of expenditure through budget amendments is recommended. Other specific financial implications are as outlined in the body of this report.

That Council pursuant to Clause 5 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* resolves to:

- 1. Endorse the amended Local Planning Policy 09 – Kingsford Smith Business Park Design Guidelines (LPP/09), presented as Attachment 1 of this item for the purpose of public consultation;**
- 2. Advertise the amended LPP/09, in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015*; and**

PURPOSE

The purpose of this report is for Council to consider adoption of amendments to Local Planning Policy 09 – Kingsford Smith Business Park Design Guidelines (LPP/09) under Local Planning Scheme No. 7 (the Scheme) for the purposes of advertising, as shown in Attachment 1.

DETAIL

The *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations) enable local governments to prepare local planning policies on any matter relating to planning and development, provided they are consistent with the provisions

of the Scheme. In accordance with this, a comprehensive review of LPP/09 – Kingsford Smith Business Park Design Guidelines has been undertaken.

While the majority of the existing policy provisions have been retained, there have been some key updates made to the policy (refer to **Attachment 1**). These include:

- Updated format to be consistent with other Town of Port Hedland LPP's and to generally reflect the Department of Planning Lands and Heritage's WA Planning Manual draft LPP in manner and form. The updated format also aims to improve the application of discretion and provide clarity around which provisions are design requirements and which are best practice guidance.
- Moved to an 'Outcome and Performance Based Assessment' to simplify the approvals process and provide a faster assessment for those that meet the 'Accepted Standard' provisions. The inclusion of the 'Performance Criteria' pathway offers an alternative merit-based approach when one or more of the Accepted Standards are not satisfied. This allows for innovative design responses that may be more context and site responsive.
- Removal of any duplication of provisions already within the Scheme or other LPPs.
- Provisions regarding setbacks have been simplified and reduced. The updated LPP/09 proposes a minimum setback of 25m from the primary street and 19m from the secondary street/s compared to the minimum 41m, 25m, and 19m setbacks in the current LPP. This better reflects the setbacks of existing developments and promotes a more consistent street character while maintaining enough setback to allow for two rows of car parking, landscaping and footpath.
- Addition of provision A.5.3.4 for 1 bicycle parking space to be provided, to better cater for alternative transport methods.
- Addition of provision A.5.4.2 for a minimum of 10% of the total property area to be landscaped, inclusive of the existing requirement for a 5m landscaped setback along the street boundaries. This approach is consistent with the requirements within the Scheme for other industrial zoned land.
- Addition of the Design Review Checklist (Appendix 7.4) to enable proponents to self-assess their proposals against the policy and reduce the time taken during assessment.

Attachment 2 presents the existing Policy.

These modifications are intended to improve clarity, streamline planning processes, and reduce regulatory barriers to support the growth of new and existing businesses. The amendments align with LPS7 and assist the local government in exercising its discretionary powers under the LPS.

LEVEL OF SIGNIFICANCE

In accordance with Policy 4/009 'Significant Decision Making', this matter is considered to be of low significance, because it has implications for development within Kingsford Smith Business Park.

That Council:

- 1. Approves an annual contribution of \$20,000 to the Pilbara Kimberley University Centre's (PKUC) Scholarship Program commencing in the 2026-27 financial year and for four (4) financial years thereafter, to establish a "Town of Port Hedland Student Bursary" to support a Hedland-based student to undertake tertiary study while remaining living in the region.**
- 2. Authorises the Chief Executive Officer to enter into a funding agreement/MOU with PKUC to give effect to the bursary, including (as a minimum):**
 - a) the Town's contribution being quarantined for a Hedland-based recipient (or recipients, if PKUC's model permits splitting the funds);**
 - b) bursary intent being needs-based and applied to essential study-related costs (e.g. course materials, connectivity, travel required for residential schools where relevant, and/or other genuine study barriers); and**
- 3. An annual acquittal and outcomes report to the Town (recipient profile at a high level, field of study, and progress/outcomes).**

Additional Discussion / Questions

Commissioner (Deputy Chair) Martin Aldridge: Noted that the report seeks approval for \$20,000 commencing in the 2026–27 financial year, continuing for four financial

years, making it a five-year arrangement.

He sought clarification on several points:

1. As the funding begins in 2026–27, this proposal will be subject to the 2026–27 budget process and therefore does not affect the current year’s budget.
2. Who will determine the successful scholarship recipient(s)?
3. Will the funding support one student receiving \$20,000, or two students receiving \$10,000 each?
4. Will the scholarship be a multi-year commitment per student?

Chair>T/CEO>Director Regulatory Services:

Thanked the Commissioner and advised:

- As outlined in Item 2B of the recommendation, the Town has provided a general intent regarding desired outcomes, but PKU (Pilbara Kimberley University Centre) will ultimately determine:
 - Eligibility criteria,
 - Funding structure, and
 - Whether funds are awarded to one or multiple students.
- A simple funding agreement is proposed to be finalised prior to the grant being made.
- The Town’s current Learning and Development budget can accommodate the contribution, therefore no budget increase is required.

Commissioner (Deputy Chair) Martin Aldridge: Commented that a scholarship may be administered in several ways, including through a grant agreement with PKU.

He asked whether the Town would retain any role in the decision-making process, such as participation by Town officers or an Elected Member/Commissioner on a committee responsible for assessing applications and making recommendations.

Chair>T/CEO>Director Regulatory Services:

Advised that:

- If Council wishes for the Town to participate in the selection process, an amendment to the motion could be proposed to reflect this.
- The Town’s involvement would otherwise be a matter for negotiation with PKU and could be incorporated into the selection criteria under the proposed Memorandum of Understanding (MOU).

PURPOSE

PKUC is seeking the Town's support for its 2026 Scholarship Program, which aims to enhance access to tertiary education across the Pilbara and contribute to a sustainable and locally skilled workforce by enabling regional learners to pursue higher education without relocating from their communities, family support, or employment.

This recommendation is made in response to correspondence dated 17 December 2025 from PKUC's Chief Executive Officer in which PKUC requested that the Town support the PKUC Scholarship Program for the 2026 academic year (now carried forward to 2027 academic year) and annually thereafter, noting the program's role in enhancing access to tertiary education in the Pilbara and contributing to a sustainable and locally skilled workforce.

DETAIL

PKUC is seeking a Town contribution consistent with neighbouring local governments to support equitable access to higher education pathways for Hedland residents, and to reinforce local capacity-building and workforce readiness outcomes.

The proposed Town contribution would be structured as a Town of Port Hedland Student Bursary within PKUC's Scholarship Program, to provide direct support to a Hedland-based student (or students, if PKUC applies a split-award model) while they undertake their degree qualification and remain living in the region.

For the purposes of this report, a bursary is a form of financial assistance provided to a student primarily on the basis of financial need, intended to help cover essential study-related and living costs that may otherwise prevent the student from undertaking or continuing tertiary study.

CONCLUSION

PKUC has requested an annual contribution of \$20,000 to support local tertiary participation without requiring residents to relocate from Port Hedland. The proposed contribution would establish a Town of Port Hedland Student Bursary within PKUC’s Scholarship Program and would align with contributions already confirmed by neighbouring local governments. It is recommended Council approve the contribution subject to an appropriate funding agreement and acquittal/outcomes reporting.
