## AN INVITATION

It is my great pleasure to invite you to attend the 2015 WA Local Government Convention and Trade Exhibition at the Perth Convention and Exhibition Centre. Conference sessions are scheduled across two days – Thursday, 6 and Friday, 7 August – with the Annual General Meeting and Opening Welcome Reception on Wednesday, 5 August.

Themed *Local Government. Switched On.*, the conference aims to inspire new ways of thinking, innovative ways of working, and assist the Local Government sector in shaping its own future. We are excited to have a number of travelling speakers this year. Our keynote speaker is former world chess champion and current Chairman of the Human Rights Foundation International Council, **Garry Kasparov**, 'The Ethics Guy', **Dr Bruce Weinstein**, and Nebraskan agriculture advocate, **Trent Loos**.

Flying across the ditch to be with us is **Sir Bob Parker KNZM**, former Mayor of Christchurch during the 2010-2011 earthquakes, one of New Zealand's deadliest and most catastrophic natural disasters. And from the east coast of Australia, **Tony Mowbray**, sailor and Antarctic adventurer. Tony has sailed solo, non-stop and unassisted around the world, spending 181 days alone at sea; and completed the 1998 Sydney to Hobart Yacht Race, and has a lot to share on the power of commitment.

The **Trade Exhibition** is once again a major feature of the annual gathering, with a wide range of organisations continuing their support of Local Government through considerable investment in displays and participation in the pavilions. In turn, I encourage delegates to take full advantage of this dedicated time to meet and discuss sector specific products and services with their representatives.

Partners are also catered for and can choose from a special activities program created for their enjoyment. Everyone is encouraged to network with friends and colleagues at the Convention Opening Welcome Reception on Wednesday, the Sundowner on Thursday, Mayors and Presidents' Government House Reception on Thursday and finally the Convention Gala Dinner held on Friday evening.

On behalf of the Association I would like to express appreciation for the valuable support provided by the Convention Founding Partner Local Government Insurance Services (LGIS) and Principal Sponsor Civic Legal. I also wish to thank our Supporting Sponsors, the Department of Local Government and Communities and PlayRope Pty Ltd, and the City of Perth for their continuing support for the popular Banners in the Terrace competition.

I look forward to seeing you in August.

Mayor Troy Pickard  
President

**SESSION 3 BOOST YOUR BRAIN AND STAY SWITCHED ON**

Most people work on building up and boosting their financial assets. But how many people work on building up and boosting their greatest asset: their brain? The emerging field of neuroplasticity has shown that the brain can change its own structure and function. It can grow new cells, new circuits and new connections in response to what we do, what we think and how we behave.

This presentation distills the essence of the neuroplastic revolution and gives immediately implementable, practical suggestions to improve the functioning of the brain.

**SESSION 4 CONCURRENT SESSIONS**

All delegates will be asked to indicate session preference when registering to assist with venue planning.

**Switch On to Biodiversity**

Local Government demonstrates leadership in many different ways. This session will explore how you can use your local natural areas to demonstrate your Council's leadership, and improve your community's sense of place and wellbeing. Renowned experts on Western Australia's unique biodiversity will discuss how it can add value to your community, and demonstrate the leading tools to help you manage your natural areas. Be inspired and take away practical techniques that when implemented, will demonstrate leadership to your community, your peers, and future generations.

**Switch On to Contemporary Country Health Issues**

People living in rural and remote areas do not always have the same opportunities for good health as those living in major cities. This has led to innovative ways of doing things differently. With the introduction of better technologies and service models, access to health services in the bush is changing and encourages a more collaborative approach to health and well-being. Join us to find out more.

**Switch On to Building Stronger Partnerships**

Social commentator Hugh Mackay wrote recently "a good life is lived at the heart of a thriving community, among people we trust, and within an environment of mutual respect". There are many partners that work collectively create that good life. Using a community development approach, learn how State, Local Government and the not-for-profit sector are working together to achieve the good life for your communities.

**Switch On to Natural Disaster Preparedness**

Leadership in managing disasters and emergencies can minimise the damage inflicted by an event, whilst a lack of successful leadership exacerbates the impact. It is the challenge of the leader to bring things back to 'normal'. Despite the negative effects that are present in times of crisis, it a window of opportunity in which a leader has the chance to reform institutional structures and relationships.

Leaders need certain skills and abilities in order to manage catastrophes based on the environmental conditions, organisations they lead and scope of the disaster. Join us to explore your leadership in a super storm situation.

## SESSION 5 LOOS TALES

As WA's mining industry settles down, coming out of the construction phase, a different rural and regional focus will evolve around agricultural production. The focus will shift to the requirements of feeding a growing world population, and the opportunities for WA to participate in doing this.

Trent Loos travels the globe to unearth stories about the people involved in the many different facets of production agriculture and to spread the good word about food producers. In 2013, Trent travelled to 22 different American States, Ireland and Canada to share his passion for an industry he truly believes in. He encourages producers to stand up and proudly tell consumers about life on their operations. He utilises modern technologies to share his experiences abroad and to "spread the good word" about this age-old and "essential to life" industry with his radio and web audience.

Originally playing at number 3 he moved to opener in 2001 and played 105 test matches scoring 7,696 runs including 23 test centuries. Few have worn the baggy green cap with greater pride.

Justin speaks about the game of cricket with great vision, understanding, experience and humour. He has many valuable stories about the wonderful mateship, the hardships and also the many thrilling triumphs he experienced during his wonderful cricket career.

*Justin Langer appears by arrangement with Saxton Speakers Bureau.*

## SESSION 6 IS IT STILL CHEATING IF I DON'T GET CAUGHT?

Dr Bruce Weinstein, The Ethics Guy, believes that the key to success is having not just emotional intelligence, but ethical intelligence, too. Ethical dilemmas arise every day-from getting back too much change at the supermarket to issues involving areas of government, business, health care, and the law.

Bruce will explore how to apply five principles of ethics that are found in every religion and have been instilled in children by their parents for generations: do no harm, make things better, respect others, be fair and be compassionate.

## SESSION 7 SPEAK UP AND INFLUENCE PEOPLE

Every day we are faced with opportunities to persuade those around us in the workplace. Some occasions, such as a formal presentation are obvious opportunities to persuade. Other opportunities are less obvious, for example unplanned meetings, an informal conversation with a stakeholder, a lift ride with a possible referrer, a professional development event that you have decided to attend at the last minute. Our persuasiveness is limited by our communication style and often we don't take full advantage of the opportunities that present.

This high energy session will show you that anyone can have the power to influence and the confidence to speak up in meetings, one-on-ones, even conferences. Simply learn the 3 x Ps of Persuasion and have the right attitude.

**SESSION 8 LEADERSHIP IN COMMUNITY DEVELOPMENT**

Community development can be defined as the process whereby different people, from different backgrounds, with different and aligned interests come together to resolve issues in a collaborative manner. Local Governments often use this process to assist with decision making and community engagement. Creating active civic, public and commercial areas can also serve to build social capital by providing attractive meeting places for social and economic interaction. The City of Christchurch was faced with the challenge of rebuilding their city in the aftermath of the earthquakes in 2010 and 2011. Join us to explore the community development approach the City of Christchurch undertook to support the rebuild.

Sir Robert Parker served four terms as Mayor of Christchurch City, including during the 2010 and 2011 earthquakes, 2011 being one of New Zealand's deadliest and most catastrophic natural disasters. He won wide praise for his role, leadership and work in response to the quake that claimed 185 lives, and collapsed or undermined tens of thousands of buildings throughout the city and beyond.

**SESSION 9 THE POWER OF COMMITMENT**

In 1998, Tony and his crew competed in the Sydney to Hobart Yacht Race, encountering the worst race conditions in its 64 year history. Tony and his team fought a 15 hour epic battle of life and death. Tony's yacht, Solo Globe Challenger surfed down the face of a 60 foot wave upside down after a monumental knock down. Tragically six men died but against the odds, Tony survived, however his dream of sailing around the world was shattered. His boat all but destroyed, he was physically spent, mentally near broken and severely traumatised.

Just one year and 10 months later Tony had rebuilt his boat, re-ignited his spirit and set off on an epic non-stop journey around the world. In December 2001, just eight months after finishing the solo world trip in front of 30,000 people, Tony and the same team from the 1998 race quietly crossed the finish line of the 2001 Sydney to Hobart, finishing off what they started in 1998.
