Procedures for Concept Forums

INTRODUCTION

The modern role of the Elected Council is to set policy and strategy, and provide goals and targets for the local government (Town of Port Hedland). The employees, through the Chief Executive Officer, have the task of implementing the decisions of the Elected Council.

A well-structured decision-making process that has established protocols will provide the elected body with the opportunity to:

- have input into the future strategic direction set by the Council;
- seek points of clarification;
- ask questions;
- be given adequate time to research issues;
- be given maximum time to debate matters before the Council;

and ensure that the elected body is fully informed to make the best possible decision for all the residents of the Town of Port Hedland.

PURPOSE OF CONCEPT FORUMS

Concept Forums will involve Elected Members, staff and, where appropriate, external advisors and provide the opportunity to exchange information and ideas for the development of the Town of Port Hedland.

Concept Forums will generally involve projects or matters that are in the early planning stages and are some time away from being presented to the Council for consideration of a formal decision. During Concept Forums:

- the Chief Executive Officer seeks input from the Elected Members as the research and further drafting concepts for the report progress;
- Elected Members are fully informed on matters to enable decisions to be made in the best interests of the Town;
- Elected Members represent the views of the community in matters.

The input through open and free-flowing exchange of ideas and the willingness to contribute to the Concept Forums will provide invaluable direction to the Chief Executive Officer for the research and eventual reports on the matter.
